CROSS BASE TERRAIN  
SLOW SKIING AREA

Skiing has categories of inherent risks that skiers must assume if they participate in the sport. Be aware of changing conditions. Natural and manmade obstacles exist. Snowmaking and grooming activities are routinely in progress on slopes and trails. Use caution, ski in control and only on designated slopes and trails.

While trail crossing, be sure to stop, look uphill, and then cross. Do NOT stop on the trail.

# WELCOME TO MOHAWK MOUNTAIN

Connecticut's first, largest and best winter sports facility, now celebrating over 75 years of operation.

## OPERATING HOURS

Monday	12:00 noon - 8:00 pm
Tues - Thurs	10:00 am - 8:00 pm
Friday	10:00 am - 9:30 pm
Saturday	8:30 am - 9:30 pm
Sunday	8:30 am - 4:00 pm

For your convenience, the lodge opens 1/2 hour before lifts spin on the weekdays and 1 hour before lifts spin on weekends & holidays

## UPHILL ROUTE

- Mohawk Trail is the only designated uphill route for skiers, one way.
- All other trails are closed to uphill skiers and downhill skiers on foot.
- Skiers traveling uphill must remain single file, within 8ft of the right edge of the skiable surface.

## BASE AREA CROSSING

- ALL skiers must reduce speed in designated slow skiing areas. Slow skiing zones include several trails, all base areas between and adjacent to all lifts, lodges, service buildings, the Hawk's Nest and learning areas.
- Cross-base area snow user traffic not on downhill equipment must remain 20 ft downhill of all lift bases and/or lift loading areas and this cross-base traffic is not permitted south of the Ski Patrol Building or north of the Arrowhead Chairlift.
- Cross-base skiers must always be aware that they are in a Slow Skiing Zone and likely crossing several different trails.

**INJURIES.** Inform Mohawk Mountain Ski Patrol immediately. Ski patrollers are on mountain during all operating hours - look for their distinctive uniforms with the white cross. You can also notify any mountain staff who will contact Ski Patrol. Ski Patrol's office is located near the base of the Deer Run Triple Chairlift.

## YOUR RESPONSIBILITY CODE

- Always stay in control, and be able to stop or avoid other people or objects.
- People ahead of you have the right of way. It is your responsibility to avoid them.
- Stop only where you are visible from above and do not restrict traffic.
- Look uphill and avoid others before starting downhill or entering a trail.
- You must prevent runaway equipment.
- Read and obey all signs, warnings, and hazard markings.
- Keep off closed trails and out of closed areas.
- You must know how and be able to load, use, and unload lifts safely.
- If you need assistance, ask the lift attendant.
- Do not use lifts or terrain when impaired by alcohol or drugs.
- If you are involved in a collision or incident, share your contact information with each other and a ski area employee.

## KNOW THE CODE. IT'S YOUR RESPONSIBILITY.

Officially endorsed by the National Ski Areas Assn., National Ski Patrol & Professional Ski Instructors of America.

## Mohawk Mountain both endorses and ENFORCES

"Your Responsibility Code" and other safety efforts.

Connecticut law contains responsibility statutes that all snow sport participants must understand and observe. Under these statutes, the words ski/skiing/skier are comprehensive and include all snow sports and their participants. No matter what footwear, equipment or method of on-snow travel you use, you are considered a "skier". In Connecticut, you are a SKIER if you go to a ski area and go on skiable terrain. See Connecticut General Statutes 29-201, 29-212 and 29-231.

# UPHILL RULES

-Mohawk Mountain is open to all skiers during operating hours, per CT State Park Rules, unless conditions or situations require temporary altering of that schedule. See mohawkmtn.com or call for the daily schedule.

-Uphill skiers must NOT cross skiable terrain except to pass from one section of the designated route to the next section of the same route, on the same side. "Know the Code" and use caution.

-Skiing downhill on skis or snowboards (attached to skiers feet) must always be with the flow of other skiers on any open trail.

-Restraint devices must be connected to all allowed sliding equipment to prevent runaway hazard.

-All skiers must obey all posted signs, stay off closed trails and out of closed/restricted areas. Maps in base areas and online detail daily closures and conditions.

-Downhill skiers have the right of way. Yield to them. Stop and look uphill BEFORE crossing any trail.

-Pets are not allowed on skiing terrain at any time.

-Mohawk Mountain recommends the use of skier awareness devices by all uphill skiers.

-Ski Patrollers are the on-mountain authority. They can close trails, restrict your travel, enforce rules or ask you to leave Mohawk Mountain.

-INHERENT RISKS EXIST FOR ALL SKIERS, regardless of their direction or method of travel.

-Mohawk Mountain does not rent uphill equipment. None of our rental equipment may be used to uphill.
